

An exciting spring at SydGen...

Thanks, and congratulations to Rockin CK Angus, Houston, TX, on their purchase of SydGen Forever Lady 1335 and her September heifer calf at side by SydGen Sterling 0298 who set a new modern-day record at the 2004 Missouri Angus Futurity at \$23,000 for the pair. This makes the fifth year out of the last six we have consigned the top-selling female to this premier event, but she is the only one to be named Grand Champion Female as well.

The Forever Lady cow family at SydGen continues to raise the bar of achievement. In fact, a flush sister to the dam of SydGen Forever Lady 1335 recently produced a daughter with the highest %IMF score in our history and now

records a %IMF EPD of +.83. This yearling heifer is also sired by SydGen Sterling 0298, whose first four progeny scanned made him the top %IMF sire on the young sire summary.

Our Forever Lady herd sires, SAF Focus of ER and his only full brother, SydGen Refocus continue to exert a powerful influence on the breed through their popular, high-gaining, well-balanced progeny.

Our new generation "Lass" herd sires, Boom Time and Prestige are carrying on the "Lass" tradition with their first calves.

SYDGEN FOREVER LADY 1335
