The crowd favorite of the 2005 National Western Bull Sale, CHARGE ON electrified the ring with his length, volume, and powerful hip structure. When the dust settled, the partnership that successfully launched SAF Power Fix and SAF Neutron was re-united once again, as Slagle Angus, Sargent, NE, and Sydenstricker Genetics purchased two-thirds interest and full possession for the day's top price of \$52,500. Our new partner, Woodlawn Farms at Creston, IL, is the oldest ongoing Angus herd in the United States, and we look forward to proving this top young sire with them. CHARGE ON's growth profile and EPDs converted into extraordinary \$Values with \$W and \$F both well into the top 1% of the breed. His preliminary scan data shows great potential as well, and we will have CUP data later on the bull.

LATE-BREAKING NEWS

- First 13 progeny scanned by CORONA post average ratios of 118-105-94-98.
- Check out these bulls of interest at www.angus.org, on the EPD/Pedigree Look-up: 146663248-14664625-14664639-14679580-14686985-14851313.

We've also heard many favorable comments on the BOOM TIME calves, and were pleased to see the lead-off bull of the Grand Champion Carload of Bulls was a son of BOOM TIME. Congratulations to TC Ranch, Franklin, NE, one of our partners on BOOM TIME, on this great achievement.

Congratulations also to Beartooth Ranch and Snake Creek Ranch on the Grand Champion Bull, sired by a grandson of SAF Power Fix . . . and to Schaff Angus Valley, Adris Angus Farm, and Champion Hill on the Reserve Grand Champion Bull, sired by SAF 598 Bando 5175 . . . and to Paige Wallace on her Grand Champion Female, sired by a grandson of VDar New Trend 315.
