This powerful Directive daughter is quite possibly the best young female we've ever sold. A third generation SydGen donor, she ranks in the top 1% of non-parent females for \$W, WW, YW and Milk EPDs, as well as ranking in the top 5% on the \$B index. SAF Directive has been one of our top semen sales bulls for the last five years, offering a high accuracy curve-bender profile with exceptional body length, milk and scrotal development. A full brother to 4556 was selected by Stone Gate Farms, Flemingsburg, KY, as one of our top fall yearling bulls in our 2006 sale at \$6,500 and 4 Directive sons out of her grandam sold from \$3,500 to \$5,250. Her grandam, Three Trees Forever Lady0487, also produced SydGen Sterling Silver 3471, top-selling half-interest bull in our 2004 sale at \$15,000 to KCS Angus, Novinger, MO, after recording the highest WW and YW in his contemporary group and ratiating 122 for IMF and 115 for UREA. The dam of 4556, SydGen Forever Lady 2352, is one of our very best Focus daughters, with 2 WR-115 and 2 YR-113, earning her a Milk EPD and \$W Index well into the top 1% of current dams.
