

Proven Cows from the Heart of the Herd Sell on November 21!

This dam of the \$42,500 SydGen Crown Duchess, highest-selling heifer calf in SydGen history, will be offered in our November production sale. This exciting young donor offers an outcross pedigree, yet ranks in the top 1% of current dams for both \$W and \$B, a rare and valuable combination of maternal and terminal traits. She comes from a long line of powerful donors, stemming from our foundation Fairdale Duchess born in 1987. She will sell with a January bull calf at side by SydGen 5175 Bando 5728, and re-bred to SydGen Corona 6510 (AMF), who is quietly making his mark as one of Corona's top breeding sons. Two sons and a daughter by Connealy Forward will be highlights of the fall yearling division.

Basin Lady M017

A new photo of the great Pathfinder® female we featured in last month's ad. She posts a tremendous production record, \$W ranking in the top 150 cows of the breed, and intriguing pedigree.

SydGen Foxie 2248

A daughter of the proven carcass sire SAF Focus J30, making her a paternal sister to the dam of the top young sire SydGen Mandate 6079.

Three Trees Primrose 2066

This granddaughter of the record-selling longevity champion N Bar Primrose 2424 has served as a donor at both Three Trees and SydGen, with excellent phenotype and udder quality.

SydGen Royal Lady 2192

Sired by SAF Hi Choice and out of the breed's dominant \$W cow, Summitcrest Royal Lady OJ02, she has an excellent late December heifer calf by SydGen CC&7, and bred back the same way.

Riverbend Princess 2397

This Pathfinder® daughter of Tehama Riverbend 802 out of the Riverbend donor Bon View Princess 207 presents a top January heifer calf by SydGen Turbo, and sells re-bred to Spur Success 2801 to create a full sib to the top yearling weight natural calf of the 2008 SydGen calf crop.

SydGen Forever Lady 2569

This direct daughter of GDAR Forever Lady 178 is raising a top January heifer calf by Connealy Forward, and is bred back the same way. This will be our first major offering of Forward progeny, and they are impressive.

Join us on November 21, 2009, as we unveil the newest generation of Sydenstricker Genetics. We will offer about 200 herd bull candidates and 300 registered females with complete performance information. All breeding animals will be AM and NH free.
