

31st Annual Production Sale!

**November 21, 2009
Mexico, Missouri
10 A.M. at the farm**

We will offer SydGen Prizemere Eonda 9027, the phenotypic choice of all our heifer calves by the \$160,000 Connealy Forward. Her dam is a top young daughter of SydGen Focus 2088 going back to SAF Top Dollar. This will be our first major offering of Forward progeny, and they have been the favorites of many visitors this summer. Forward's dam was the popular \$103,000 donor in the 2009 Three Trees Ranch Sale, and he has impressed many breeders with his calving ease, muscle and soundness. 27 sons of Forward will sell, as well as several daughters and females bred to him.

Selling

**7 Long Yearling Bulls
90 Fall Yearling Bulls
90 January Bull Calves
300 Registered Angus Females, all ages
200 Commercial Bred Heifers**

As a feature of the female sale, we plan to offer the top 2009 heifer calf from each of these four powerful sires as well!

The No. 1 Docility EPD sire in the breed, and a stand-out on the new Sire Summary, ranking in the top 1% for WW, YW, REA and \$B. We will offer 21 sons, bred heifers, and heifer calves by this popular young sire, as well as females carrying his service.

Top 4% of proven sires for YW and Marbling EPDs, yet with a unique outcross pedigree and exceptional eye appeal. Several progeny will be offered, and his daughters now in production show excellent udder quality.

With limited progeny proof, Turbo has already generated CED and YW EPDs in the top 2% of proven sires, and his spring calf crop will contain several stand-outs in this year's offering. Selling 14 sons and several daughters.

Semen on Forward, Mandate, CC&7, Whispering Wind, and Turbo is available direct from SydGen and through the ORigen network.
