

. . . Looking Forward to November 23!

Our 35th Annual Production Sale will feature about 120 fall yearlings and 100 head of January-born herd sire prospects, along with many of the cows who produced them. Many of the breed's top AI sires are graduates of this event, including nine that are on the current list of Pathfinder® Sires. As always, it will be a virtual mature cow herd dispersion of our seven-year-old cows, along with several younger cows, both spring and fall-calvers. About 100 head of fall yearling heifers, 60 bred heifers and 40 heifer calves will round out the offering, all from the heart of the program.

Reg. No. 16016638

SydGen Primrose 8089

Three Trees Primrose 2066

- This year we will feature our best proven MANDATE daughter, chosen to represent her sire in both the ORigen and ABS sire directories. MANDATE is the top combination of CED and YW in the Angus breed at his accuracy level, and has sired excellent progeny across the country.
- This beautiful five-year-old MANDATE daughter posts a solid progeny record of 3 BR-94, 3 WR-107, 2 YR-109, 2 IMF-110 and 2 REA-106, and has earned a powerful EPD profile, being one of only 20 proven dams in the entire breed to rank in the top 1% for WW, YW and \$W, as well as the top third for Marbling, REA, CED and HP.
- 8089 has one son working for Ken Haas Angus, LaGrange, WY and four daughters retained. Maternal sisters have sold to 7T Farms LLC, Sullivan, MO; Trinklein Cattle Co., Jefferson City, MO; and Jason Allen, Corydon, IA. Her grandam, Three Trees Primrose 2066, sold as a feature of our 2009 sale to Donald Foster, Winigan, MO.
- Two sons and a daughter by SydGen DIAMOND 8499 will be featured, including the second highest adj. WW of the entire SydGen fall bull calf crop. 8089's dam, who posts 5 BR-91 and 5 WR-105, will also sell, with a heifer calf at side by Connealy FORWARD.
- 8089 has produced 26 transferable embryos in four flushes, and sells due in late October to SydGen Stacked Deck 1605, co-owned with Satterfield Angus, Norfolk, AR.
- Stemming from the same cow family that produced the legendary N Bar Emulation EXT, SydGen Primrose 8089 offers the phenotype, EPD strength and maternal heritage to create a lasting legacy.

Semen Always Available:
