

# Looking Forward to November 21!

Every year is a "virtual dispersion" of our six- and seven-year-old females and these proven dams always include many of our top donors and brood cows.

The dam of Rock Star, the \$60,000 top-selling half-interest and half-possession bull of our 2014 sale, will be one of the features of this year's event. Rock Star dominated the fall yearling bull division, posting the Number 2 adj. WW, the Number 1 adj. YW and the Number 3 adj. REA, before selling to Bruns Angus, Madison, SD; TNT Angus, Rock Lake, ND, and Dohrmann Cattle Co., Taylor, ND.

This top daughter of the \$160,000 Connealy Forward is a granddaughter of Three Trees Forever Lady 0487, who was the top-selling cow in our 2007 sale at \$15,000 to Snake Creek Ranch, Morrill, NE. She also produced the \$15,000 top-selling bull calf that day as well as the first two five pound ADG bulls in SydGen history.

A flush brother was top-selling bull in our 2009 SydGen Influence Spring Sale, and a flush sister was a \$10,000 top-selling heifer calf in our 2008 offering. 8420 has compiled a stellar production record, with 5 BR-95, 5 WR-104 and 2 YR-113. She ranks in the top 1% of current dams for \$W, the top 2% for CED, the top 5% for YW and the top 4% for REA. She has been flushed one time conventionally, producing eight transferable embryos. She should calve in late September to the service of the \$113,000 SydGen FATE 2800.

MARB	+23
RE	+81
FAT	+003
\$W	+61.54
\$F	+57.93
\$G	+23.76

## SydGen Forever Lady 8828

Another productive Forward daughter, and a maternal sister to 4413, the dam of Trust, Dealer, Commission and the top-selling cows at the 2014 and 2015 Missouri Angus Futurities. She produced an \$11,500 Googol daughter in our 2014 sale to Basin Angus and Turner Meadows along with a \$5,000 son at our 2011 sale. Progeny record is 4 BR-88, 4 WR-105, 4 YR-104 and she will calve in October to GAR Missouri 5761.

## SydGen Miss Wix 8850

This eye-appealing daughter of Spur Success is out of the \$10,000 Senior Champion Female at the 2008 Missouri Angus Futurity. Her progeny record is 5 BR-105, 5 WR-106 and 4 YR-103. A flush sister in last year's event brought \$6,000. She will calve in September to SydGen Rock Star 3461.

## SydGen Rita 9370

Front pasture power cow with \$B Value more than \$114, a flush sister to Diamond, Storm and Jaguar, as well as a maternal sister to Turbo. She produced an \$11,000 daughter in last year's event to Cardinal Hill Farm, Glasgow, KY. Three daughters are retained, and a son by Googol will be one of the stand-out fall yearling bulls in the offering. Due in late September to GAR Missouri 5761.

The sale offering will include about 60 of these fall-calving pairs, ready to flush or breed back to the bull of your choice. We will also offer about 140 fall yearling bulls, 60 January born herd bull prospects, 35 spring calving cows, 35 spring heifer calves, nearly 100 fall yearling heifers and 50 bred heifers due in the spring.

We plan to offer from 200-300 head of spring bred commercial heifers in our 18th Annual SydGen Influence Commercial Heifer Sale, later that night.
