**Lots 1,2,3,4,6,7 & 220**—These past SydGen Donors, with September calves at side, were set up and had marker heats on November 16. **Lot 221** also had a natural heat on November 15. If the new owner of any of these females desires, we will keep the female here, and flush her on December 8-9. We will pay all of the flush expense for 50% of the embryo production.
