

Looking Forward to November 17!

As always, it will be a virtual dispersion of our salable seven year old cows along with a few younger features. The 50-some fall calvers will include some very top donors and about 10 two and three year old cows. Below is a sampling of the 40-some spring calving cows to sell:

KCS Entense 6019

Selected from the 2006 Leachman Cattle of Colorado Sale where two flush brothers were two of the top-selling bulls. Her dam is the highly proven Leachman Wendy J3027. She'll sell with a February daughter of Trust, and is re-bred to SydGen Jaguar 9368.

DOB: 1-21-05

This eye-appealing daughter of BR Midland was produced by a donor dam with 14 IMF-114 who sold to Sunvold-Palmer, Fairfax, MN, in our 2005 Sale. Sells with an excellent SydGen Straight Up heifer calf at side, and carries the services of SydGen Diamond 8499.

We also will sell half of our Fall 2011 heifer calf crop. (Every sire group and every flush is divided 50-50 between keepers and sale heifers.) About 60 spring bred heifers and 50 spring-born heifers will also sell, as well as our entire fall bull calf crop and our January 2012 bull calves. We would expect to sell about 220 of these herd sire prospects this year.

As this is written, we've just finished weaning the fall calves, and it will be a high performance set of fall bulls and heifers for the November offering. Some of the best weaning weights ever at SydGen are on sons of Survivor, DOC, "Whiskey," Force and Dealer. Several of the top sale heifers will be daughters of Mandate, Sure Bet, Jaguar, Diamond, DOC and "Whiskey."

Make plans now to join us on November 17, 2012, as we celebrate our 60th anniversary!
