Breeding cattle that are strong as possible for all measurable traits has long been our basic philosophy, and these eight sires are proving to be that kind.

Looking at these sires individually, there are breed leaders for growth, maternal, marbling, muscle, scrotal, docility and fertility, yet they will help move your herd forward simultaneously for a multitude of traits.

All sires are available from ORigen and many independent marketers, and many are available through ABS Global.

All sires are available direct from us at 573-581-1225, with free shipping and volume discounts available on larger orders.
